

OLDWICH
DATA & MARKETING

UK Property Database Services

What we do

We provide lists of **currently marketed residential properties** for most places in the **United Kingdom**.

You select the key criteria important to you and we scour a range of data sources in order to generate a list of properties, specific to your requirement, which are currently being marketed as for-sale.

This is usually provided to you within 2 working days in one of several data formats of your choice.

Why use Oldwich

By using our unique service, you will get up-to-date sales data that you can use to market your own property skills and services.

We spend the time to get you the data so that you can spend your time doing what you do best – doing deals.

We will even construct and send your specialised mailings out for you.

What you will get

You will be provided with a current database list which contains:

- UK address including town and postcode
- Property type and/or number bedrooms
- Current marketed price
- Date first marketed
- Marketing estate agent
- Previous property purchase price if available* (Gold service)

* Other additional data is available with Gold service; ask for details

What format is the data

You can choose from the following file formats:

- Microsoft .XLS or .XSLX
- Comma Separated Variable (CSV)
- Google Sheets link
- CRM systems, Mailchimp & docmail by arrangement (Gold service)

How much does this service cost

Your custom list can be provided for as little as 50p per address.

The data is provided in batch sizes of 100, 200 and 300 addresses based upon a radius around a single named UK town or city.
